

CHAP I Eft CCX1II.

said —Pasted Aparijiti roots taken with
cow's urine
cure scrofula. 0 Rudra, Indra-v&runi roots
taken with cold
water, as well as errhlnes of solutions of Eranda,
Jingani and
Shuka Shimbi pasted together tend to alleviale
the pain in the
toeck and the arms. An application of a plaster
composed of
Ashvagandhi or Pippali, or of Vachi and
Kushtam, pasted
together with buffalo butter, alleviates pain in the
mammas and
the urethral canal. A plaster composed of
Kushtham and
NagavalA pasted together with butter and
applied to the
breast acts as a good breast-developer and
imparts a graceful
contour to the breasts of youthful maidens.
The patient,
by mentioning whose name an IndravAruni
root is thrown
from a distance, is sure to be relieved of his
splenic enlarge-
ment. Roots of white PunarnivA taken
pasted with rice-
washings undoubtedly prove curative in
abscess. Ashes of
burnt plantain barks administered through
drinks relieve all
forms of Ascites. Plantain roots cooked in
combination with
treacle and clarified butter over a gentle fire
act as good
vermifuge remedies. Daily use of a
compound of Nimva
leaves and Amlakam pounded together,
in the morning,
undoubtedly cures Kushtham (cutaneous
affection). A plaster
composed of Haritaki, Vidanga, HaridrA,
white Sarshapa,

SomarAja-seeds (roots according to Benares
Edition^ Karanja
seeds and Sanidhavam, pasted together with
cow's urine,
proves efficacious in all forms of cutaneous
affections. One
part of TriphalA and two parts of SomarAja
seeds taken in
combination with powdered PathyA cure
ring-worms, A
plaster composed Kharamj-ubbed in a vessel of
Indian bell
meta^ pasted wifch cow's urine, cooked in
combination with
rock-sak and acid whey (Takram), prove curative
in all forms
